NO. F(One-day Webinar)EDU/KU/20/1300
Dated: 17-11-2020

The Hon'ble Vice-Chancellor,
University of Kashmir,
Hazratbal Srinagar.

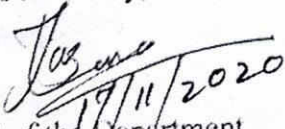

Subject: *One-day Webinar-Cum-Seminar on National Education Policy (NEP)-2020, to be Jointly Organised by Department of Education, University of Kashmir and School of Education, Central University of Kashmir.*

Sir,

I am pleased to inform you that the Department of Education in collaboration with School of Education, Central University of Kashmir, is organizing One-day Webinar-cum-Seminar to deliberate upon the NEP-2020, with regard to Early Childhood Care & Education (ECCE) and School Education and to suggest measures for its implementation. The inaugural ceremony of the said Webinar-cum-Seminar will be held on 25th of November, 2020 at 11.00 am at Gandhi Bhawan. You are humbly requested to grace the occasion and preside over the deliberations during the inaugural function. Your auspicious presence at the occasion will go a long way to encourage the organizers and enrich the proceedings.

With kind regards.

Yours faithfully,

Head of the Department

Post Graduate Department of Education

Notes

Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. Providing universal access to quality education is the key to India's continued ascent, and leadership on the global stage in terms of economic growth, social justice and equality, scientific advancement, national integration, and cultural preservation. Universal high-quality education is the best way forward for developing and maximizing our country's rich talents and resources for the good of the individual, the society, the country, and the world. India will have the highest population of young people in the world over the next decade, and our ability to provide high-quality educational opportunities to them will determine the future of our country. The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015, seeks to "ensure inclusive and equitable quality education and promote life long learning opportunities for all" by 2030. Such a lofty goal will require the entire education system to be reconfigured to support and foster learning, so that all of the critical target areas (SDGs) of the 2030 Agenda for Sustainable Development can be achieved.

Education thus, must move towards less content, and more towards learning about how to think critically and solve problems, how to be creative and multidisciplinary, and how to innovate, adapt, and absorb new material in novel and changing fields. Pedagogy must evolve to make education more experiential, holistic, integrated, inquiry-driven, discovery-oriented, learner-centred, discussion-based, flexible, and of course, enjoyable. Education must build character, enable learners to be ethical, rational, compassionate, and caring, while at the same time prepare them for gainful, fulfilling employment. The gap between the current state of learning outcomes and what is required must be bridged through undertaking major reforms that bring the highest quality, equity, and integrity in to the system, from early childhood care and education through higher education. The aim must be for India to have an education system by 2040 that is second to none, with equitable access to the highest-quality education for all learners regardless of social or economic background. This National Education Policy 2020 is the first education policy of the 21st century and aims to address the many growing developmental imperatives of our country. This Policy proposes the revision and revamping of all aspects of the education structure, including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education, including SDG4, while building upon India's traditions and value systems. The National Education Policy lays particular emphasis on the development of the creative potential of each individual. It is based on the principle that education must develop not only cognitive capacities- both the 'foundational capacities' of literacy

and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problemsolving—but also social, ethical and emotional capacities and dispositions.

In this backdrop Department of Education in collaboration with Central University of Kashmir justifies the need to conduct one day webinar cum seminar on New Education Policy , the financial implication which will be incurred on meeting the expenditure will be Rs 50,000/=.

Sub: Authorization for Conduct of Micro-teaching Workshop cum Orientation to B.Ed Teacher Trainees (Batch 2022) of our Department.... Regarding

The Department of Education is going to organize a 7 day workshop cum orientation on "Enhancing Effective Teaching Skills among Prospective Teachers through Microteaching Sessions" in the 2nd week of November 2023. Realizing the importance of training and capacity building programmes among teacher trainees NCTE has strongly recommended practical programmes for pre-services teachers in training colleges. The main target of this workshop is to provide our teacher trainee's skilled orientation as per NCTE norms. The workshop shall acquaint trainees about the required innovations in teacher Education Programme and specifically to acquaint them with the knowledge of various teaching skills. Besides, this workshop will help teacher trainees to develop some Core Teaching Skills which ultimately will lead them to learn the art of dealing with diverse classroom situations. The tentative financial implications have been worked out as:

1. Banners	Rs.2000
2. Refreshment for Guests (Inaugural)	Rs.1000
3. Refreshment for Experts/Faculty members/ Students	Rs.7000
4. Certificates for Participants / Experts	Rs.10000
Total	Rs. 20,000/=
