

In the contemporary world, career guidance plays an important role in the lives of individuals particularly of younger age groups, as it helps to determine the future goals and career choices. Career guidance is much needed service for those individuals who don't plan their future at an early stage. As such the need of the hour is to guide and assist such individuals in their personal career development. When students have clear vision pertaining to their future challenges and opportunities they may plan their future in a proper and planned way. Consequently, such an activity is defiantly going to shape their future in a proper direction.

Activities organized by the Department:

A range of workshops and seminars are organized to help students understand various career prospects, the procedures for applying for those opportunities, and various competitive tests (NET, SLET, IELTS, GRE etc.).

Emphasis is given to motivate students for opting research as a career choice and instill in them the confidence to do better for society and humanity.

To provide the students of the department a platform to resolve their queries and inhibitions related to research or national/ state level competitive exams.

Regular involvement of our faculty in helping students to properly write CVs, Resumes and cover letters.
